Hi Everyone - and welcome to your August Newsletter...!

Bernard and I enjoyed a pleasant drive around the Thames Valley countryside recently, when we took part in Allan Goddards "Cream Tea Caper" classic run, although there were a few comments when we got to the finish and everyone found out it was actually sandwiches and cakes...! Nevertheless, with a significant proportion of the population probably enjoying the final day of Wimbledon during the recent heatwave, it was an ideal time to get out and explore some of the quieter Berkshire lanes.

Although, in order to stay cool, several entrants (self included) decided to use their daily drive with air-con, rather than their usual classic wheels.

At the end of this month, there is another classic run starting near Cambridge and venturing into Suffolk if any of you are interested – details are on the main Boundless website, or I can email them direct.

OK, classic vehicle plug over, so back to all things Nelly - but saying that, I haven't received any articles this month, which hopefully will mean a September surge of all your recent holiday and activity reports...?!

The size of this issue has received a late boost though, with the recent arrival of the bumper Summer Communiqué, containing news and updates from Member Communities in Brighton, as well as the wider club community.

And, one final thought, on a completely different, but topical, subject.

Why do we still bother to have Bank Holidays - when there aren't any banks...?

That's all for now – Dave

Please send copy for next issue to Dave Rosher at the email address above: **to arrive by 24 August**

Chairman's August Chatter

Welcome to our August offering, here to keep you informed and even entertained. Much of the latter depends to a large extent on keeping your articles coming in to the Editor.

I should raise again here the question of who would like to take on the role of editor when Dave stands down next year. It would be good to think that there is one of our group members who would be prepared to spend a bit of time each month pulling things together on their computer and keeping our well-respected Nelly newsletter going.

My current degree of absent-mindedness resulted in me making a very late appearance at our Nelly Drive meeting last month, armed with the all-important box of tricks (cards, dice, egg cups etc) , but we did eventually sort ourselves out and various fine examples of a Nelly were created on the score sheets when we played our version of Beetle Drive. The scores go into the Championship table.

Also now registered with Mike are the results of the pétanque evening at the Old Bulls Head, a most pleasant place to have a social get-together with the added spice of a competition element. I spent a large part of the evening backing my car in and out of the pub car park to free up the cars I was blocking in. Horse drawn stage coaches were, I suspect, a bit narrower than my great big car.

Finally, points were earned at Phil and Jeanette's walking treasure hunt around Stanstead Abbots last Sunday, followed by pub grub in the Red Lion at the end of the High Street – well planned out and good fun.

I am a fan of Canal Boat Diaries and was watching the episode when Robbie was heading into Birmingham and had reached Aston. He pointed out that one of the over bridges had been named Black Sabbath and this was the very day that Ozzy Osborne passed away which I felt was quite a coincidence.

I'm also a fan of Boom radio which plays all the oldies, for the oldies, and this is our theme for this month as we have John entertaining us with another of his music nights from his best collection of records. Always good to hear some old favourites and also, I would imagine, some new to me records, so join us at the Beaufort Suite once more.

One day last month I happened across a fleet of classic buses driving round Hertford and couldn't resist climbing aboard one of them, and just enjoying the ride. It's quite amazing what can be seen from the top deck that can't be seen from a car – people's back gardens for a start. The one that I jumped on went down to Hoddesdon and stopped a few times, including this stop at the top end of Hoddesdon. At these stops a few die-hards got out and crossed the road to take a picture of the bus each time. I couldn't see the point in doing that!

What's coming up?

Clubnight Tuesday 12 August – Music Night

Our resident disc jockey (with real discs) will be playing some of his oldies from his collection.

Monthly Dinner Tuesday 26 August

With the longer days we are meeting at our summer location for dinner at The Galley Hall, Hoddesdon - John would like to know if you are intending to join him.

Sunday Walk 7 September

Led by Mick O'Blath, who will be exploring around Glen Faba, near Dobbs Weir.

Clubnight 9 September – Speaker

We are delighted to have join us again our good friend Phil McKinder to give us one of his favourite talks, see next page for details.

As they say (all the time) -

Take care, *Bernard*

ROBERTS RAMBLINGS

It is August and I start off with a correction to the scores for pitch and putt. The correct scores were- David Smith 40, Robert Daines 42, Richard Smith 43, Ron Barnett 49, Curtis Storey 50, Brian Beard 52. Looking back to July, sixteen of us enjoyed the Fish and Chip supper trip on the Epping to Ongar Railway. Two return trips from North Weald to Ongar, and thanks to John. Clubnight was a change due to Trica Thompson being not available and we brought forward the Nelly Drive from September. Eight of us took part with three spectators. Then that was followed by our second annual sporting event, Pétanque, starting at 18.30, at The Old Bulls Head, Ware. Eleven of us took part, followed by a meal at the pub, although yours truly came home to watch The Lionesses play Italy. Left it late to win.

These notes are being written just after the Treasure Hunt. Four teams of two took part. Well organised with clear instructions, the results were 1st Alan and Tina with 56 points. Second were John and Robert with 49 points, third were Brian and Curtis with 46 points and Fourth were Richard and David with 43 points. This was followed by a lunch at the Red Lion.

So, what of our future program. Clubnight will see John give another of his vinyl record talks; the subject this time is "Comedy Classics" and then this is followed by a return to The Galley Hall for evening dinner, and we have a request. Can we have a few of our lady members join. Please inform John if you wish to join us for a meal.

No museum visits this month but here is some STOP PRESS news. For September clubnight we will have Phil McKinder giving us another talk, with audience participation. See Staff's write up below.

Keep it on the road.

Robert

NEL Clubnight 9th September

Corpus Delecti - all at sea – a talk by **Phil McKinder** with audience participation.

"Corpus Delecti"?

This is a principle that a crime must be proven to have occurred before someone can be convicted of committing it. This ensures that any crime is substantiated by evidence not solely by confession.

This principle will be illustrated by a murder trial where you will be once again be summoned to be jurors and decide the fate of the accused.

A similar talk has already been given to us by Phil in the extraordinary 1931 murder case in Liverpool where William Wallace was tried for the murder of his wife.

Phil is himself a Boundless member who has many interests which includes music, he is an accomplished guitarist; railways; canals, he owns a canal boat; and he is an official guide to the Copped Hall Trust, some of you may remember he gave us a talk and guided tour of the Hall, most of his fee for these goes towards the Trust. The other talk he has already given us is on the Lynton, Lynmouth flood disaster.

Please contact Mick O'Blath on: mickoblath20@gmail.com or 01920 423738 (ansa-phone available) to reserve your place, including if you are staying for lunch or not.

Recent Medical Advice has stated that Walking is helpful for the whole of the body, internal as well as external; so if any of our members feel they might benefit from taking more regular exercise, you may not already be aware that I am organiser and leader of Ware Walkers, a small Group that do a 2.5 mile walk every Wednesday between 10.30 and 12, in the area around Ware; changing each week and sometimes followed by coffee or lunch.

If you are interested in joining us, send your contact details to me - mickoblath20@gmail.com , or ring me for more information on: 01920 423738 .

There is no charge for the Walk .

Future Events

12 Car Rallies – Future Working The revised class route, allowing people to choose how much they have to plot/plot on the move will be used for future events. It will be interesting to see what sort of response we get for the first event at the end of October. Regs for the first round should be available early in September.

Grass Autotests If anyone knows of a venue, that doesn't get used for a grass cut, which most likely would be used by sheep, then please let me know. If you want to do a grass autotest this year, then have a go at the Blackbird ones up at Towcester or the Falcon one at Eddlesborough, both of which I'm doing.

MSUK Clubman Licence Almost all these events in the calendar require you to have one of these licences as a minimum to compete, either as a driver or passenger. If you go to <https://motorsportuk.sport80.com>, you can order your free licence, but please make sure you don't leave it to the last minute. The MSUK have introduced a new system for licence registration and it is still a work in progress, much to the users frustration. You will have to change your log-in details and the whole ordering process is different. From an organisers point of view, they don't issue you with a licence that is easy to show in advance, it is more geared to showing it on your phone in person!

Other Events Please see the calendar above for other events we have an invite to. I can get regs for any of these, just contact me if interested. Most of these events are entered via the Sapphire System, so regs, etc. can be found there. We will be invited to all the Anglian Motor Sport Club autosolos/autotests throughout the year.

12 Car Rally – A guide to the new format

- Any standard car can be used. Event limited to only 12 cars. Around a 45 mile route, timed at an average speed of 30mph. Friday evening, starting at 20:30, with the start/finish at the same location at a pub, for a social before and after the event.

Expert/Semi-Expert class have to work out the route from navigation issued at controls around the route. Semi-Expert/Novice class have a more straight forward navigation style.
- Beginners class now called **RallyRun**, for anyone to use marked maps for as long as they like, which allows people to just enjoy doing the event. You can do all the same things as the other classes, but don't have to work out the route.
- Penalties are incurred for missing loops and booking in early/late at time controls. Time recording and route checks are done using a Smart Phone and the Timing App, which give notice when approaching a control/check, so you know you are on the right route.

RS Clubman Licence Requirement

<https://motorsportuk.sport80.com>

Remember, to enter any MSUK permit event these days, you need the above licence as a minimum (which is free).

If you had one in 2024, you can go onto the above site and renew your licence.

This is a new system and you get a file to store in your phone wallet!

Member Communities Communique

Summer Update

A message from Geoff Gaunt, Club Leader

Firstly, thanks again for the patience you have shown with our Member Communities team following the restructuring and other staff departures last year. I am pleased to confirm the Team is now back at full strength and later in this communique Kadie will be introducing the latest team arrival and explaining where all the various responsibilities now lie.

Of course, just when we start to think all is now settled, another change comes along. After five years as Chief Operating Officer with us, Pete Worster has left Boundless to pursue new opportunities. I am sure you will join me in thanking Pete for his contribution to Boundless and, in particular, his great support for the Member Communities. We wish him every success in whatever comes next. For the time being, can you please direct any issues or enquiries that you would have previously raised with Pete to Kadie instead.

I know this time of year tends to be particularly busy with Group events and many turn their focus towards the great outdoors. Sometimes this can come with heightened risks, so we have included below a reminder of the importance of completing and following risk assessments when planning and delivering all our events.

I am told that your nominations for the Annual Volunteer Recognition Awards have started to arrive in Brighton as well as responses to the invitations to the inaugural Club Awards Dinner. Please keep these coming and we look forward to getting together for an exciting celebration of our volunteers in Stratford Upon Avon in October.

Also, of course, for all our Group Treasurers, Summertime means budget time. The budget papers were circulated even earlier than usual this year to give our Treasurers extra time to meet the usual deadlines. We can then ensure that we are able to feed all of our Groups' financial requirements into the wider Association planning for next year.

In the meantime, if you are busy organising a summer event, be it a Camping and Caravan rally, a Local Group outing, a Classic Vehicle Run, or anything else, may it be blessed with fine weather and with smiles all around.

All the best, Geoff

Health & Safety

As we head into our busiest season of events, please make sure you're completing any necessary health and safety requirements, especially SEN's and Risk Assessments.

Completing the Single Event Notice (SEN) and Risk Assessment process is a crucial step in the planning and delivery of events. It ensures Boundless by CSMA is informed of the event details, including the activities involved, from initial setup through to operation and dismantling.

The risk assessment identifies potential hazards, assesses the likelihood and impact of those risks, and outlines measures to mitigate or eliminate them. This process helps protect the safety of all involved and ensures compliance with Boundless by CSMA's legal and organisational health and safety responsibilities.

For Boundless by CSMA-organised events, volunteers are classed as employees and are covered under Boundless by CSMA's insurance if injured while performing their duties'.

Information submitted by volunteers during the planning stage also enables Boundless by CSMA to confirm that event activities fall within the scope of their insurance. Volunteers planning and running events will be covered under Boundless by CSMA's Public Liability Insurance. This protects against injury or damage to third parties, provided they are acting within their agreed roles and adhering to Boundless by CSMA's health and safety procedures.

Volunteers acting independently or outside the scope of their agreed responsibilities may not be covered. Therefore, clear communication and proper documentation between volunteers and the organisation is essential to ensure adequate insurance protection is in place at all times.

If you have any questions or require any help with completing your SEN or Risk Assessments, please do reach out to the team as they are on hand to help you.

Incidents & Near Misses

It's also important to report any incidents or near misses to the Member Communities Team so we can continue to keep both you, our volunteers and members safe. A reminder the emergency contact number for any urgent incidents is 0330 123 2011.

Thank you for helping us ensure a safe and enjoyable experience for everyone!

News from the Groups!

Camping & Caravanning Rallies

Members have been busy rallying, with fantastic events recently in Hereford, Lancing, Llangollen, and even France!

With a packed calendar ahead, we're excited to see even more of our members' adventures on the road, here's to more great getaways!

Leeds Group Get Creative!

The Leeds Group enjoyed a fun and relaxing afternoon at Riverside Paint a Pot in Castleford, where they got creative decorating their own ceramic masterpieces. A great time was had by all!

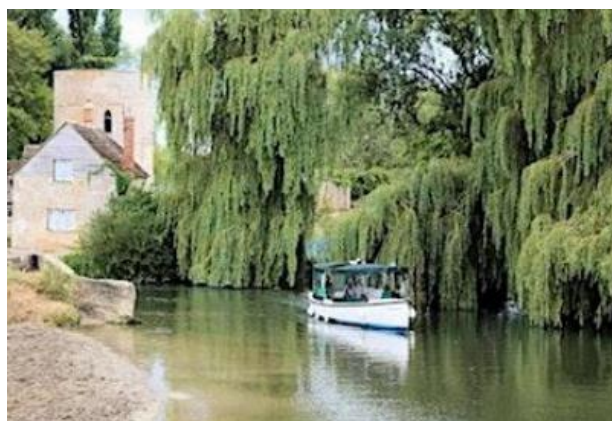

Afternoon Treats & Historic Adventures

The Bexhill Group recently gathered for a lovely afternoon, enjoying delicious tea and good company, while the Tamar Group took a trip to Cornwall to explore the fascinating War Museum at Davidstow. A great time for both groups!

Summer Days on the Water

With the beautiful weather, many groups have been making the most of it out on the water! The Thames Valley Group enjoyed their annual Thames river boat cruise, complete with a delicious cream tea, while the Swindon Group boarded the Cotswold Canal Trust boat near Inglesham for a relaxing hour-long cruise through spectacular scenery. A perfect way to spend a summer's day!

Surrey Group Riverside Catch-ups

The group enjoyed two lovely riverside meet-ups recently. One gathering at Thames Court in Shepperton included a delicious lunch, plenty of conversation, and a surprise visit from Edna, who recently retired from the committee after 30 years of service.

Another planned Hampton Court boat trip turned into a relaxed lunch at Bill's in Kingston due to last-minute changes, with plenty of laughs and great food. Both outings were made even better by the beautiful summer weather!

Thames Valley Ride Out

A sunny start at Java Café in Winnersh saw 16 bikes and one pillion join AG's ride-out, covering scenic roads through Berkshire, Wiltshire, and Hampshire. With smooth riding, stunning views over the North Wessex Downs, and a delicious lunch at Kimbridge Barn—especially the trout pâté bagels—it was a fantastic day. Special thanks to Graham for stepping in as Tail End Charlie and to AG for organising another great outing!

About the Communique

The Communique is sent to around 350 of our volunteers, Group and Association Officers and other interested members. Many of our Group Secretaries also forward the Communique to those members who regularly attend their Group events.

We're always looking to improve the Communique, and would really appreciate your feedback regarding what you like and what you don't, what you'd like to see more of, or less of, is the format ok, etc.?
